

BRING YOUR OWN REUSABLE WATER BOTTLE

- RECYCLE** Items that are not biodegradable
- REUSE** Items still in good condition
- REDUCE.** Waste of water and food
- REJECT** Single Use plastic products

ICBC – A Green Masjid

Who We Are

At ICBC, we are committed to building a **Green Masjid** - a space where our actions reflect our responsibility as *khalifa* (caretakers of the Earth).

Islam teaches us to avoid waste and act with balance. Through our Green Initiative at ICBC, we believe that small, consistent actions can protect our environment and build a more sustainable community.

“And do not waste, for Allah does not love the wasteful.”

[Qur’an 6:141]

What We Do: Our Green Promise

ISLAMIC CENTER OF
BRUSHY CREEK

1. CHOOSE To Be Green

RECYCLE- Items that are not biodegradable

REUSE- Items still in good condition

REDUCE- Waste of water and food

REJECT- Single Use plastic products

2. NO Plastic Water Bottles

Plastic water bottle is one of the leading cause of plastic pollution in the world.

One small bottle. A big global problem!

3. BRING Your Own reusable Bottle & REFILL at filling stations

Utilize water filling Stations.
Refill. Reuse. Reduce waste!

4. CONSERVE Water During Wudu

Be mindful of conserving water during wudu.

Honor the blessing. Use only what you need!

5. NO Styrofoam Products

Use eco-friendly disposable products for plates and cups.

Safer for people. Kinder to the planet!

6. CARPOOL to the Masjid

Every shared ride reduces pollution and helps care for our planet.

Arrive together. Leave a lighter footprint!

And do not waste, for Allah does not love the wasteful.

[Quran 6:141]

Get Involved

We welcome your ideas, support, and participation.

- Volunteer with the Green Initiative
- Support youth-led efforts like the Green Masjid Club

Interested in building a Green Masjid?

If your masjid would like to begin a sustainability initiative, we are happy to share our experience, resources, and materials.

Please contact us, we're here to help.

What We Do: Our Green Promise

1. CHOOSE TO BE GREEN

Recycle – Items that are not biodegradable

Reuse – Items still in good condition

Reduce – Waste of water and food

Reject – Single-use plastic products/water bottles

2. NO PLASTIC WATER BOTTLES

Plastic water bottles are a leading cause of pollution worldwide.

One small bottle. One big global problem.

3. BRING YOUR OWN REUSABLE BOTTLE & REFILL

Use water filling stations.

Refill. Reuse. Reduce waste.

4. CONSERVE WATER DURING WUDU

Be mindful when using water during wudu.

Honor the blessing. Use only what you need.

5. NO STYROFOAM PRODUCTS

Use eco-friendly alternatives for plates and cups.

Safer for people. Kinder to the planet.

6. CARPOOL TO THE MASJID

Every shared ride reduces pollution and helps protect our environment.

Arrive together. Leave a lighter footprint.
